

BAGGAGE MODULE

DESIGNED FOR AW139 CARGO COMPARTMENT

BAGGAGE MODULE FEATURES

CERTIFIED

Designed specifically for the Leonardo AW139 helicopter and fully certified per CASA (Australia) Part 21 regulations.

COST SAVINGS

Faster loading and unloading of the cargo compartment translates to quicker aircraft turnaround times and direct savings for the operator.

Existing customers have reported improving turnaround time by up to 15 minutes per sector with the baggage module installed.

PROTECTING YOUR ASSET

Helicopters are expensive assets and unscheduled repairs can be costly.

Installing the AW139 baggage module protects your valuable asset from impact damage caused by baggage and cargo equipment.

MAINTENANCE ACCESS

The Baggage Module has been developed in collaboration with AW139 maintenance engineers to ensure that required inspection access is maintained without requirement to remove the baggage module for scheduled maintenance.

ONGOING SUPPORT

Five Rings Aerospace ongoing after sales support, maintenance, technical assistance and spare parts.
